2006 FIFA World Cup Germany

"Seventeen years after the fall of the Berlin wall, a reunified Germany will throw open its doors to the world. Germany 2006 will be a place where people from all around the world will be welcomed by friends, in the spirit of the striking slogan chosen by the organisers: Die Welt zu Gast bei Freunden" (Joseph S. Blatter, FIFA President)

In this welcoming spirit of friendship, we would like to introduce various IAC Business and Golf Clubs in the region:

The Berlin Capital Club is a club at the very heart of Berlin's current professional, political and business life. Strategically located in the historic centre of Berlin, it enjoys impressive views over the Gendarmenmarkt, considered by many one of the most beautiful squares in Europe and definitely Berlin's finest. The club is also within easy access distance of all major government buildings, ministries and embassies, as well as the main business district. Its location makes it very convenient for the international exhibition centre and there are excellent connections to all three of the city's airports. Formal dining and entertaining takes place in the Capital Grill or the four Private Function Rooms. The Members Bar, the Lounge and the Cigar Lounge, on the other hand, offer a more relaxed and sociable environment where Members can enjoy the company of friends and business partners. The range of the menus is extensive and attractively priced, with a particular emphasis on local specialities as well as vegetarian and low cholesterol specialities.

During the FIFA World Cup the Berlin Capital Club is open for club members and IAC members daily from 8 a.m. until midnight. The members can socialize with new members or cultivate existing business partners while watching the games. During this event a part of the Berlin Capital Club will host the "VATTENFALL INTERNATIONAL VIP LOUNGE 9.Juni-9.Juli 2006 @ Berlin Capital Club". The presenter of this lounge Mrs. Lilian Hagen and Mr. Lorenz Savelsberg could manage to attract the **PELÉ CLUB** for their Project.

The creative genius of world renowned designer Kurt Rossknecht combined with gently rolling hills, pine forests and natural lakes makes the club a masterpiece in which nature and golf are in perfect harmony. Just 10 miles south of Berlin by motorway, The Berlin Golf and Country Club is truly a golfer's paradise. It is easily accessible from the city and even has its own railway station.

The Club benefits from unusually sunny weather for the region thanks to the favourable wind currents and lakes surrounding the site. The Club lies idyllically in a landscape of pine woods.

At the heart of the club lies a magnificent clubhouse with a character and ambience that will make even first time visitors feel instantly at home. The distinctive architecture is inspired by the nearby local farmhouses blended with an elegance that both compliments the native building designs and inspires guests with its simple beauty. A relaxed atmosphere

and a wide range of amenities offer members the opportunity to entertain, socialize and even do a little business. The bistro, members' lounge and bar, a splendid billiards room, a serene library and an open air terrace leave members and guests spoiled for choice when it comes to relaxation.

There are a number of excellent hotels and an abundance of leisure opportunities in the areas surrounding the club. Swimming, sailing, cycling and horseback riding are just a few of the activities easily available in the area.

Special Greenfee Conditions are available for IAC members. For requests regarding corporate golf please send us an email.
