INTERNATIONAL ASSOCIATE CLUBS

INTERNATIONAL ASSOCIATE CLUBS

Introduction

IAC was founded over 30 years ago and has today built a global network that opens doors to almost 250 of the most illustrious private membership clubs worldwide. Our role is to coordinate member reciprocal visits between clubs in the network, and the list of participants is increasing progressively, benefiting clubs and members alike.

There are IAC clubs in more than 40 countries with a wide range of amenities, including some 60 golf courses, over 100 clubs with athletic and/or sports facilities and, for that business trip, prestigious venues suitable for conferences or entertainment in key cities worldwide. When travelling, our members simply log on to our website for details of available facilities at their destination. Present their IAC membership card and enjoy the welcome reserved for valued members.

As a member, you benefit from visitor privileges to IAC clubs located outside of a 200 kilometres radius from your residence. We invite you to explore our website and see the opportunities available for you around the world.

We invite you to present your company to our members around the world.

Club Directory

The IAC Club Directory is a roster of all IAC clubs worldwide including contact details, published twice a year in January and July as printed version and available on our webpage www.iacworldwide.com for download.

Due to the high level of multiples (clubs and partner hotels that display the printed versions within their facilities and/or feature the digital versions on their webpages) the IAC Club Directory reaches many more readers worldwide than the number of printed editions we produce. Total readership currently stands at approx. 330,000.

Webpages of the IAC clubs and partners are mostly linked directly to the webpage of International Associate Clubs.
